Information / Notification for Firework Display Events

1. Applicability

This AIC shall apply to all airspace users to inform them about firework display and the sources of this information/notifications.

2. Purpose

The purpose of this AIC is to provide the necessary information to all airspace users about firework display events in order to ensure the safe conduct of flights.

3. General information

All upcoming firework display events are published at the following website of Ministry of Agriculture, Natural Resources and Environment / Mines Service, regardless the promulgation of this information via NOTAM:

<http://www.moa.gov.cy/moa/mines/minesSrv.nsf> - Firework Display Events Schedule

Furthermore, a NOTAM will be issued in at least one of the following case:

- a. Within an area of 8Km from the centre of Larnaka runway, regardless of the firework display altitude.
- b. Within an area of 8Km from the centre of Pafos runway, regardless of the firework display altitude.
- c. Within an area of 8Km from the centre of Akrotiri Runway, regardless of the firework display altitude.
- d. In any area, if the maximum fireworks display altitude is exceeding 120 meters above ground.

All other firework events could be monitored via the website previously mentioned.

4. Further information
