

CYPRUS DEPARTMENT OF CIVIL AVIATION

DE-REGISTRATION REQUIREMENTS

Prior to De-Registration the following must be complied with

1. Cyprus registration marks and fireproof registration plate must be removed from the Aircraft.
2. Cyprus Mode "S" transponder coding deleted (as applicable).
3. 406 Mhz ELT code deleted (as applicable).
4. The aircraft owner must give written permission for the de-registration of the Aircraft.
5. The Department shall be notified of the identity of the new state of registration.

The above information must accompany the request for de-registration. Applications for the de-registration will only be accepted from the aircraft owner or his authorised representative.
