To all interested Economic Operators

**Invitation for comments to the draft Tender documents for
the provision of digital tachograph cards issuing services**

The Department of Electrical and Mechanical Services of the Cyprus Ministry of Transport, Communication and Works, within the framework of its powers, has drafted the set of tender documents (terms and technical specifications) for the provision of "**digital tachograph cards issuing services**" under contract for a six years period.

The purpose of this call is to improve the technical specifications and conditions of the tender prior to publication and to ensure the necessary competitiveness and transparency.

A full electronic version of the draft tender documents has been uploaded and are available on the Departments official website at the address www.mcw.gov.cy/mcw/ems under the field entitled "PUBLIC CONSULTATION".

The Department invites the Economic Operators to study these documents and provide us comments as follows:

- (α) Your views/ comments/ feedback/ suggestions especially as regards the technical specifications
- (β) The breakdown of the costs for project budget purposes.

Please provide your answer by e-mail to the e-mail address: mkyllilis@ems.mcw.gov.cy until August 24, 2016.

Kind regards

Loucas Timotheou
Director

MK/
